

## Data Protection

We will keep your personal information confidential and secure in accordance with the General Data Protection Regulation (GDPR). It will only be looked at by staff who need to see it to make sure we provide you with a good service. Some information may be shared with other support agencies to help you access further services and make sure the services you get are right for you. The information you provide will only be used to help us provide the service you require. We do compile statistics showing information like the number of people supported by a service in a particular area, but not in a format which identifies anyone. If you would like to know more about how we keep your personal information and what we use it for, please contact the Social Prescriber Link Worker.

## Consent

I understand that anything I say to the Social Prescriber Link Worker will be treated in the strictest confidence. I agree that information will only be shared with organisations forming part of the project for direct care, care planning and evaluation.

I understand that the Crawley Social Prescribing project is funded by the Crawley Clinical Commissioning Group (CCG), and, as a result, there will be a requirement to monitor effectiveness of the programme. I agree to sharing anonymised data for this purpose with the CCG.

I agree that my details can be monitored, but **my confidentiality will be maintained at all times** and forms stored in accordance with Crawley Community Action (CCA) policies and procedures, and my name will **not** be mentioned in any reports.

## Information

Confidentiality will only be 'broken' for legal reasons, if compelled by a court of law or the client is a danger to self or to others. Where possible, consent will be obtained from the client.

**The Social Prescriber Link Worker is not clinically trained.** I understand that if I have any existing medical conditions or plan to make significant lifestyle changes, that I am advised to consult my doctor.

I understand that the Social Prescriber Link Worker can support me and offer guidance to enable me to make healthy choices but will not be sufficiently qualified to offer health advice.
