We offer advice and support services to children and young people in the lead up to and after the death of a loved one. Our vision is that children and young people will not be alone in their bereavement journey.

#### **About the role**

An opportunity has arisen for an enthusiastic fundraiser to join our small team as Fundraising Co-ordinator at an exciting time for the charity. Our service has expanded following the pandemic and we need to grow our income to be able to sustain this. This is a varied role covering all fundraising and supporter activities. The role is part of the Business Development team, working closely with other members of team and supported by the Business Development Manager. We have some well-established fundraising activities and we also want to develop some new opportunities.

The post is office-based in East Grinstead, but it is likely one and occasionally two days a week will be worked from home. Hours should be worked across three or four days. The role will require some occasional weekend and evening work, to be mutually agreed, for which time off in lieu will be given.

The role is part of a small, friendly team who all care passionately about what we do and work collaboratively together. The role will require some flexibility from time to time, but it also offers the post-holder flexibility around other personal commitments.

4. To secure and fill JSE charity places for challenge events and increase income from supporters gaining their own places.
5. To maintain and develop relationships with existing and potential supporters, including thanking and updating donors/fundraisers and sending updates and reports as needed.

7. To manage income platforms for all fundraising and donations.
8. To maintain an accurate database of current and prospective donors and supporters, contributing to the implementation of a new Customer Relations Management (CRM) database.
9. To work with the Volunteer Co-ordinator in the recruitment and management of fundraising volunteers. This includes organising volunteers for some local challenge events and overseeing them.
10. To identify and oversee appropriate opportunities for 'bucket collections', attending as needed and organising volunteers.
11. To promote appropriate fundraising activities in schools in a way that is complementary to JSE's overall communications with schools about the service, to maximize income from school community fundraising.
12. To promote JSE's fundraising activities on the website, by email and on social media, by working closely with the Communications and Media Manager, providing information about fundraising events. This will include posting on social media platforms, within guidelines.
